Local and General

Fred Walker spent the holiday in
Hoskiss with Min. Winstard.

M. J. Doyle has joined the ever-
growing ranks of our subscribers.

James Bell has returned from a
week's business trip to Saskatoon.

Charles Bentley, of Brooks, was
here Friday evening greeting his
friends.

Carlstadt has 673 dogs and 674
cats. If you don't believe it, con-
tain yourself.

Mr. and Mrs. C. Rosenberg left
Monday evening for an extended
visit in Missouri.

Ross Bean was in Carlstadt last
week marketing grain from his
Mountain View ranch.

M. Stubbs, proprietor of the Carl-
stadt hotel, has erected a steps
door entrance.

B. F. Hanson accompanied John
Goehring to the Medicine Hat hos-
pital last Friday evening.

Dr. and Mrs. McEwen and child
spent Thanksgiving day in Glenora
at the home of his father.

John McClurg went to Langdon
Monday morning to supervise the
working of his threshing outfit.

Frank Flannery last week sold
his house and lot on Sutherland avenue.
Frank Steel being the purchaser.

Assumptuous Thanksgiving dinner
at the A. S. Lockren house was
attended by a large number of
friends.

Even at that, one or two home-
owners forgot "Blue Monday" as
Thanksgiving day and came to the
Busy Burg with grain.

Mrs. Florence Bradford and her
son have returned to their home in
Calgary after a short visit here with
her sister, Mrs. B. A. Barnes.

W. A. McIntyre, who lives seven
miles northeast of Carlstadt, will
hold a public sale on November 11th.
Stock, implements, and household
goods on sale.

No more this year can antelope
be shot, according to the Dominion
game laws. Take heed, ye hunters,
who have slaughtered so many
hundreds this season.

C. H. Wagner J. P. and James
Broughton of the Hat, spent Turley
Day at Tide Lake. They were
successful in bagging a large num-
ber of geese.

F. E. McDiarmid was driving in
the north country several days last
week. Threshing is not so far ad-
vanced as reported, he tells us, due
to a dearth of machines.

An agreeable surprise in the
figure of a big goose reached Post-
master Cutler from Mr. Heggie's
pumpkin at Tide Lake. While
was another cause for Than's "grip."

Mrs. Aedland and Mrs. A. S.
Lockren have returned from De-
kota after a visit of several weeks.
They were accompanied by Mr.
Lockren's mother who will re-
main for some time.

Blanchard and Johnson, in-
teresting musicians filled an engage-
ment to play at a dance in See-
Pawson last Saturday evening. To-
night they furnish the music for
masquerade in Sutherland.

Oscar Johnson returned Thurs-
day after threshing for several weeks
in Bismarck. While there he met a
very unfortunate accident. In some
manner he had the time of a pit-
bull driven into his hand, and was
necessitated for him to take time
in Lethbridge. He has full
recovered now.

Anglican church Notes

Men's meeting on Tuesday even-
ing at 8 o'clock in the new bank.

There will be a meeting of the
W. A. on next Tuesday afternoon
at 8 o'clock at Mrs. Woodliff's.
We hope that all the ladies will be
present.

There will be church services at
St. Colborne's on Sunday November
3rd, at two o'clock. Pastor Rev.
Tarrie.

The English church services next
Sunday afternoon November 3rd, will
be in the nature of a Thanksgiving
service. Special hymns and solos
will be rendered, and all are cordi-
ally invited. — Rev. T. W. Canfield,
dector.

The Ladies Aid of the Methodist
church held a most successful
banquet, supper and program last
evening. A fuller account of the
affair will appear in next week's
News.

Several men of the Methodist
congregation had a "feed" on Thank-
sgiving day morning and built a
talk leading to the church.

Soon In New Bank
After several weeks of patient
waiting, the local branch of the
union bank will soon move into
their new building, as the fittings
are arrived and are being installed.

MIXED FARMING

E HIC IT ATTRACTS

Large Crowd Present To Hear
Government Lectures.

"The Mixed Farming Special
certainly was a good thing for us
armies." — A Prominent Farmer.

"Today has been about the best
day that we have had." The crowd
that gathered here in Carlstadt was
not only large, but an interested,
intelligent one. Yes, we are most
pleased. — C. E. Lewis, Provincial
supt. of Fairs and Institutes.

The above statements clearly set
forth the success of the Farm Train
Day in Carlstadt. Despite the fact
that nearly all the farmers are busy
threshing, there was a large gather-
ing to look and listen.

It is neither practical nor possible
to attempt to go into details. Suffi-
ciently, the program was carried
out as arranged, and the lectures on
stockraising, dairying, grain poultry
etc., all were well appreciated. The
"signal of live-stock farming" is
ever on the increase.

Some disappointment was ex-
pressed by the ladies who had ex-
pected a cooking demonstration.
Even at that, Miss Stevens who was
with the train, aroused great in-
terest in forming a "Women's

Club" and it is probable that a
meeting may be held next week to
talk it over more thoroughly.

The big day drew crowds from
miles around, as well as from neigh-
boring towns. One and all were
most enthusiastic. "It was a great
day."

Adanac Club has Social Evening

Filled to the brim with enjoyment
was the social evening given last
Friday under the auspices of the
Adanac Club. Some thirty mem-
bers and invited friends were pre-
sent to enjoy the dancing, cards and
other amusements arranged by the
committee. Music furnished by
Blanchard and Johnson. Delectable
refreshments provided by the ladies
were served.

Messrs O. J. Wood, C. H. Wagne-
r and A. J. Theroux were the
committee-men in charge.

Dukes Ducked

A "traveler" calling himself Mr.
Dukes dropped into town last week
to put on a piano contest for the
Great and Only. He failed, how-
ever, to understand that both the
Brooks Bulletin and Bassano News
were "roped in" by his pompous-
ness.

YOUR WORK IS NOT YET OVER

YOUR GRAIN MUST BE MARKETED

You have put money and labor and months of anxiety into the raising of this 1912 crop. You must now sell your crop to the best advantage. You used the most up-to-date methods you knew of in raising it and it is now up to you to use the most up-to-date methods in selling it.

No matter how, when or where you sell your crop the great bulk of it eventually finds its way to the CENTRAL market where the price is regulated by its value on the world's markets.

The price on the CENTRAL market less the cost of getting it there fixes your net price for the farm.

Your problem then is to put Your crop on the Central market at the Smallest cost.

Freight charges do not vary but the toll of the middle man who handles your grain does. Elevators and elevator operators cost money and it takes a large toll to keep them going. Track buyers must live and they must send the grain they buy to some commission firm to be sold for them.

This toll is a little small but still too large. The Commission Firm with no paid agents and only a Central organization doing business by mail can and does handle your grain for the smallest possible price. The Grain Grower's Grain Co. is more efficient than any other.

There are over 12,000 farmers in the West who have in their own Commission firm, the Grain Grower's Grain Co., perfected the best organization in the West for handling grain, and in this space for a while they will tell you facts why you should ship your grain to

WESTERN CANADA'S DAY

This has been referred to as Canada's Century. In Western Canada we use no such general term. This is Western Canada's century, decade, year, month week, and day. With the passing of each twenty-four hour period, new business blocks and homes are under construction new lines of railroad have pushed on a little further, and each day is brighter than the one preceding.

There is no safer or surer investment today than lands or town lots in Manitoba, Saskatchewan and Alberta.

As We See It

There is no reason for knocking Carlstadt. Very good.

There are innumerable good reasons for boosting Carlstadt.

Buyers coming into the West keep shy of the places where everyone wears a long face, and where none KNOWS that theirs is the best little town in Alberta.

It makes considerable difference to a community whether intending residents become purchasers, or whether they are scared out of the community by land holders who have become disheartened and are willing to cut the price of their land, for price cutting defeats its own purpose.

At present land in this community is selling far below its real worth. Near Carmanagay, a community whose only claim for superiority above Carlstadt is that it was settled a few years earlier, twenty-five sections of raw and improved land are reported to have been sold recently at \$50 per acre, and other sellers are asking as high as \$60 per acre.

The Carlstadt district has the very distinct advantage of early maturing crops, decreasing the danger of frost. There is also the advantage of from 3 to 4 cts. per hundred freight on grain to Fort William, so that Carlstadt grain buyers can pay higher prices. To the Pacific Coast the rate is very low and this community must profit by the Panama canal. Not only the foreign market is convenient, but also right at home—Think what the big—the Medicine Hat will mean!

Again we say, land in this community is far below its real worth, and it is only a matter of time till farm property here will take a big jump, and those who have been procrastinating will have lost their chance.

If you are going to buy GET BUSY!

A Western Favorite

The Family Herald and Weekly Star of Montreal have announced programme for 1913 and subscribers are to receive greater value than ever before, and that is saying a whole lot. In this western country each a paper is a great blessing. It interests everybody. The hints and information it gives are worth hundreds of dollars a year. Now settlers cannot afford to be without such a paper, and it fills the bill for the West like the Family Herald and Weekly Star. In addition to the paper for a whole year, each subscriber receives a most beautiful picture entitled "Mothers Treasures." It is 23 by 29 inches, all ready for framing. The picture alone would sell at a two dollar bill in any art store in the big cities. Any home not now getting The Family Herald and Weekly Star should give it a trial for 1913. They will never regret it.

Local and General

Alex Duchescher, director and manager of the famous Elisabeth farm at Tilley, was a visitor to Carlstadt on Tuesday. While here he took a trip out into the country and looked over several large farms that are purchasable. Mr. Duchescher was also a caller at the News office. The printing he gave us would make any down east publishing house green with envy.

When asked by the News if he purposed securing land here at once, Mr. Duchescher was non-committal but went as far as to say that he possibly would in the near future, as he had many friends in the old land who were always open to invest. It is a first class thing that the Carlstadt district should have such a progressive body of farmers as the Elisabeth people have shown themselves. Mr. Duchescher was en route to the Dry Farming Congress at Lethbridge. Here is the record for 1912 again.

Flax 24 3-4 bushels per acre, wheat 25 bushels per acre and oats 125 bushels.

NEWS OF THE DISTRICT

CUFFIELD HAS BIG FIRE

Fire destroyed the immense warehouse of the Canadian Wheatland company last Thursday night. A
though valiant efforts were made to
check the progress of the fiery den-
dr, the building and all the supplies
were a total loss, amounting to about
\$20,000.

Officials of the company are of the
opinion that the fire had its origin
in an overheated stove in the
machine shed, adjoining the ware-
house. At any rate, when fire
discovered the building was all in
flames. That was late Thursday
night. The fire continued on into
Friday, when a tangled mass of
ruined walls was all that remained
of the three-story structure. 40x12
feet filled with implements, sec-
saws, helves, groceries and dr.
goods. Heavy insurance was
tripled. The Wheatlands company
will rebuild at once.

BLUE GRASS

Hazel Lahl has been sick this
week. Dr. McEwen reported that
the little care she will soon be
well. It was just a little inflamma-
tion of the tonsils. She is doing
fine now.

The Messrs. Tribe passed Mr.
Lahl's on their way to town on
Tuesday. They were on their way
to the Dry Farming Congress at
Lethbridge. They returned Satur-
day.

Mr. P. Lahl is in the Queen's
town on Saturday. Her husband
is looking after a threshing outfit
near there.

Mr. G. Ford spent Thanksgiving
with his daughter, Mrs. DeLong,
in Medicine Hat.

Mr. Bullin made his last trip to
town this week. He is taking out
visions for the winter. On his
return journey he was accompanied
by Mr. Turbott, a Methodist min-
ister from North Dakota. Mr.
Turbott is taking a rest from his
pastoral duties here.

The pupils of Blue Grass pre-
sented a pleasing Thanksgiving pro-
gramme Friday afternoon to the
visitors present.

The programme consisted of the
following:—

Song by school, Now at last we
meet again.

Recit., A Birthday Surprise, by
J. G. Galt.

Swiss Drill, by School.

Recit., Chatterbox, by Joyce Lahl.

Recit., Dad's Boy, by Roy Ellis.

Song, Evening Bell, by Mildred
Lahl and Alton Benjamin.

Recit., by Victon Benjamin.

Recit., by Mildred Lahl.

Song, Golden's Song, by all the
girls.

Recit., by Gladys Benjamin.

Recit., by Ruth Benjamin.

Song, Turkey's Wishbone Song,
by girls.

Song by School, Merry Bells.

Recit., Jack to Grandpa, by
Walter Ellis.

A Thanksgiving Song Dialogue,
by School.

Closing Song by School, Sweet
Summer's Gone A-way.

Mildred Lahl acted as chairman.

Afterwards bags of candy were dis-
tributed to the children.

Mr. and Mrs. Clark have gone

away for a week to Lethbridge.

Last week's letter

Pete Lahl and Mr. Benson re-
turned for a day or two from the
town. The snow was so deep there
that they were unable to continue
threshing. They returned to Glen-
den on Saturday.

Last Friday C. Giddard drove
Mr. McKee, the expert engineer
into Carlstadt, from whence he re-
turned to his home in Calgary.

Last Thursday we were surprised by
rain storm which turned to snow
in the evening. Sunday morning
we were again visited by the Snow
an.

It is rumored that the Pounds are
moving to the Hat during the inter.

Mr. McCracken drove his aunt
Mrs. McCracken to town last Thurs-
day and were caught in the storm.
He had a load of grain with him.
Mrs. McCracken was returning to
home in Ontario.

Mr. and Mrs. Wm. Scollard
spoke at Mr. Lahl's house on
May 15, and A. E. McIntosh
before they started the night return-
ing the following day.

Mr. Johnson is not suffering
from typhoid as supposed.

J. Lahl is recovering and is ex-
pected home within a week.

Sunday School was held as usual
at 3 o'clock in the School House.
Sickness and weather prevented a
few from being present but we hope
that they will have recovered by
next Sunday.

The Messrs Benjamin, who have
been north hunting antelope re-
turned today.

Mr. and Mrs. Benjamin returned
from Redcliffe Thursday, the day
after the wedding of their daughter
Goldie Benjamin to Mr. B. Miller.

Mr. Gray returning from town
last Saturday evening was obliged
to find shelter at the school house
the cold was so intense that he
could not go further.

Mr. and Mrs. Gray were in town
during the week end.

A concert by scholars will be
held in the school house Friday,
commencing at 3 o'clock. All wel-
come.

Sunday School as usual at 3
o'clock Sunday.

A travelling man drove across
the country to a little town near
Brooks the other day, met a
farmer hauling a wagon load of
water. "Where do you get water?"

he asked.

"Up the road about seven miles,"

the farmer replied.

"And do you haul water seven
miles for your family and stock?"

"Yep."

"Why in the name of Jesus don't
you dig a well?" asked the traveller.

"Because it's just as far on my
way as the other, stranger."

Last Saturday J. B. Gray brought
in subscriptions from L. C. Furey
and Miss Minnie Gray. Mr. Gray
tells us that he is contemplating a
trip back to the old home in the
"Show Me State."
